# The Roundhouse

## A CIRCULAR SANCTUARY DESIGNED FOR TRANSFORMATION

Whether you're hosting a leadership retreat, a mini-conference with impact, or a breath-led yoga session at sunrise, the Roundhouse adapts to the mood you want to create.

The circular design of this room is very intentional and steeped in behavioural science as it fosters inclusion, dialogue and free flowing energy.

# The Barn

## A RELAXED SOCIAL ANCHOR FOR YOUR TEAM

The Barn is the perfect space to recharge and connect on a social level during the day with refreshments or in the evening by the firepit with some music and conversation.

It presents a cosy atmosphere that integrates seamlessly with the surrounding nature.

# The Shed

## THE HEART OF OUR DINING EXPERIENCE - COMMUNAL, WELCOMING & LED BY THE SEASONS

Much of what you'll enjoy is grown in our own polytunnels, herb and vegetable gardens, then crafted by our chefs into nourishing, flavourful meals. Whether you're gathering for breakfast, sharing stories over lunch, or toasting the day at dinner, The Shed is where connection comes to the table.
